The 30th Anniversary International Conference and Exhibition "Oil & Gas of Turkmenistan" (OGT 2025), which will be held October 22-24 in Ashgabat, promises to be a landmark event for business networking and investment.

This year, the event is particularly significant for private Turkmen companies and entrepreneurs, for the first time, OGT 2025 will be attended by over 100 delegates representing over 30 international companies. These include organizations from countries such as China, the United Kingdom, the United States, Kazakhstan, Indonesia, the Comoros Islands, Azerbaijan, Germany, Cyprus, Georgia, Russia, the Netherlands, and the United Arab Emirates.

These companies are entering the Turkmen market for the first time and do not yet have their own representative offices here, opening up unique opportunities for Turkmen entrepreneurs to establish business connections, develop identification, and build mutually beneficial partnerships.

Recognizing the importance of business networking, the organizers have launched a specialized B2B zone for business meetings and negotiations located in the exhibition pavilion. The B2B zone will be directly engaged with the new Business Connect artificial intelligence platform, which intelligently selects participants based on their business goals, technologies, and investment priorities. Новые возможности для туркменских предпринимателей обсудят эксперты на международной конференции OGT 2025

30-я Юбилейная Международная Конференция и Выставка "Нефть и Газ Туркменистана" (OGT 2025) состоится 22-24 октября в Ашгабате

В этом году на OGT 2025 в Ашгабате примут участие более 100 делегатов, представляющих свыше 30 международных компаний. Среди них — организации из таких стран, как Китай, Великобритания, США, Казахстан, Индонезия, Каймановы острова, Азербайджан, Германия, Кипр, Грузия, Россия, Нидерланды и Объединенные Арабские Эмираты.

Для инвесторов подготовлена специализированная B2B-зона для детальных встреч и переговоров, расположенная в выставочном павильоне. B2B-зона будет напрямую интегрирована с новой платформой работы на основе искусственного интеллекта Business Connect, которая интеллектуально подбирает участников на основе их бизнес-целей, технологий и инвестиционных приоритетов.

Организаторы приглашают к участию в мероприятии туркменских предпринимателей, представителей компаний и сферы бизнеса, а также частных компаний и государственных международных компаний и расширение деловых связей с более чем 100 делегатами из 30 стран, уже подтвердившими свой участие в форуме.
